

## Who We Are

Since 1958, The Allen School has served children ages 6 weeks through 5 years old with a wide variety of needs. A combination of early childhood professionals work together with physical, speech, and occupational therapists to tailor programs that maximize each child's potential.

## Our Mission

To provide early intervention to children with special needs so that they may maximize their potential.

## Our School

The Allen School is an Early Intervention Day Treatment (EIDT) program comprised of seven classrooms, each with a lead teacher and teacher assistants. Our smaller classroom settings allow for more individualized attention and lower student to teacher ratio.

Contact us for more information on admissions and programs for your child as well as additional information on our therapies.

## Services offered

- Occupational Therapy
- Speech Therapy
- Physical Therapy
- Day Habilitation
- Pediatric Nursing Care

The Allen School program is individually tailored to maximize each child's potential. A combination of special education teachers, experienced lead teachers, and teacher assistants work together with physical, speech and occupational therapists to ensure that all students are given the perfect balance of education and inspiration. The Allen School is proud to have an exceptional retention rate among therapists. Our current eight full-time therapists have been employed at The Allen School for a combined total of 94 years.

Our comprehensive approach to early intervention is implemented through therapy and small group instruction in a play-based classroom setting. The following developmental areas are addressed depending on the individual needs of the child:

- Feeding
- Communication
- Cognition
- Self-Help
- Fine motor
- Gross motor
- Social and emotional
